***DEFENDANT COROPLAST'S MOTION TO STAY PENDING
OUTCOME OF REEXAMINATION PROCEEDINGS INVOLVING
U.S. PATENT NO. 6,759,114***

Defendant Coroplast, Inc. by and through its counsel of record hereby moves the Court for entry of an order staying all proceedings in the above-captioned case pending resolution of a Request for Reexamination of U.S. Patent No. 6,759,114 (the '114 Patent) filed with the U.S. Patent & Trademark Office on May 15, 2009. The Motion is made on the grounds that a stay will simplify the issues at trial (if not resolve the case in its entirety), will allow for the most efficient use of the time and resources of the parties and the Court, and will not prejudice Plaintiff because discovery in this matter has just begun and any proven damage suffered as a result of the delay can be fully and fairly compensated if the '114 Patent survives reexamination, and if Plaintiff is successful in proving that its patent is valid, enforceable, and infringed at trial.

This Motion is supported by Coroplast's accompanying Memorandum and any other arguments or evidence properly presented to the Court prior to or at any hearing on this Motion.
